Webinar offering

Aid & International Development Forum (AIDF) audience consists of practitioners, decision-makers and senior professionals from governments, national and international NGOs, UN and intergovernmental agencies, donors, development banks, investors, media and the private sector.

AIDF webinars provide an efficient and cost effective way of generating high quality leads with demonstrable ROI whilst educating an engaged audience relevant to your product/service. Using online audio streaming and live Q&A, this digital platform enables you to communicate with prospective clients and provides engagement both online during the webinar and offline post event.

AIDF will also provide and coordinate the set up and provide turnkey execution of the webinar. This includes format, structure, streaming services and registration process and data capture.
The webinar was excellent and all the speakers provided invaluable advice and information with just the right amount content, pace and detail. I can also imagine that a significant amount of work went on behind the scenes to deliver such a well-organised webinar. Thanks again to all involved and please pass on my thanks to the speakers.”

Tim Flint, Head of Government, Aid & Defence (UK & Europe), Damco UK Ltd

Value proposition

AIDF Key Assets include:

- AIDF has broadcast three webinars in 2017 and they’ve proven to be a popular platform for viewers with over 1,400 humanitarian and development professionals tuning in (see case studies)
